THE COURT: All right. Good afternoon, everyone.

This is case number 20-2924, In Re: Zantac (Ranitidine)

Product Liability Litigation.

2.0

2.3

We scheduled a discovery hearing today on the Plaintiffs' expedited motion to compel participation in the deposition tomorrow of the Sanofi employee.

I obviously wanted to get you in and talk to you before the deposition occurs tomorrow.

Let me start with appearances for the Plaintiff.

MR. GILBERT: On behalf of the Plaintiffs, your Honor, Robert Gilbert, Plaintiffs' co-lead counsel.

THE COURT: On behalf of Sanofi.

MS. SHARPE: Good afternoon, your Honor, this is Paige Sharpe from Arnold and Porter on behalf of Sanofi.

MR. AGNESHWAR: Your Honor, Anand Agneshwar on behalf of Sanofi. Ms. Sharpe is doing the argument.

THE COURT: Good afternoon. Here is my first question. Mr. Gilbert, this is your motion, we have a deposition in a case not in the MDL, not proceeding under the Federal Rules of Civil Procedure. What authority do I have to order anything having to do with this deposition? Putting aside whether I should or shouldn't, what authority do I have to tell a judge in Illinois how to run his lawsuit?

MR. GILBERT: Thank you for the question, your Honor. The authority you have is clear based on the agreement that was

entered into between the MDL Plaintiffs and Sanofi one year ago that provided, at your direction, for discovery to be conducted in Sanofi's spoliation of internal emails.

2.0

2.3

We are not asking you to compel the judge in Illinois State Court to allow us to participate in the deposition. We are asking you to compel Sanofi, which is subject to your jurisdiction and before the Court in connection with this MDL, to allow us to participate in this deposition by Sanofi either cross noticing it in the MDL or allowing us to cross notice it in the MDL.

THE COURT: Why do you need my permission to cross notice in the MDL? Have I limited your deposition that relates to discovery or was there an agreement to that effect?

MR. GILBERT: There was an agreement that was entered into in May 2021 between us and Sanofi's counsel that provides limited discovery to be conducted into email destruction issues. That agreement provided that the deposition of the then former IT employee who Sanofi alleges was solely responsible for this mishap would be conducted along with the deposition of a Rule 30(b)(6) designee that Sanofi would produce and it goes to depositions that would presumptively be the entirety of the deposition discovery that would be provided for in connection with the MDL.

That agreement further provided that in the event that we sought to take further discovery, that it would be done

either only upon mutual consent of the parties or upon good cause shown -- in the event of the absence of mutual consent, upon good cause shown being made to the Court.

2.0

2.3

That is what we have done. We have asked Sanofi's counsel to allow us to take one hour of testimony tomorrow following the conclusion of the deposition questioning by counsel in the Illinois State Court case, which I believe is scheduled to take place for approximately three hours — excuse me — which I believe is scheduled to take place for approximately three hours.

We have asked Sanofi's counsel to allow us one hour at the conclusion of that questioning to ask questions of our own. Sanofi's counsel refused. We filed the motion and ask the Court to compel Sanofi to allow us to do that.

THE COURT: I got it. Thank you for clarifying the procedural posture. In essence, what you are asking me to do is to authorize an additional deposition pursuant to the good cause provision of the parties' agreement.

MR. GILBERT: That is correct, with the caveat and the unilateral offer by us that our questioning would not exceed an hour.

THE COURT: Let me be more specific. You are asking me to authorize a one-hour deposition pursuant to the good cause provision of the parties' agreement from last year.

MR. GILBERT: That is correct.

THE COURT: That is why it is properly before me, from your perspective, because I have the authority to do that.

I would essentially be authorizing, essentially, a consecutive deposition after the Illinois deposition ends, and that deposition would be in my MDL and therefore I would have the authority to authorize it.

MR. GILBERT: Correct, your Honor.

2.0

2.3

THE COURT: Thank you for clarifying that.

Before I get to any further merits, let me turn to Ms. Sharpe and have her respond.

MS. SHARPE: Yes, your Honor, thank you very much. This is Paige Sharpe on behalf of Sanofi.

I would note, your Honor, they did not notice this deposition in the MDL and they haven't cross noticed it either. Their request, as I understand it, is not for an additional hour, but it's to participate in the Culverson deposition and then to add an additional hour onto it.

Mr. Gilbert can correct me if I am wrong, but they are seeking more than just an hour of extra deposition that they would be taking; they are asking to be present for and to attend the Culverson deposition and use the entirety of the transcript in the MDL. I just want to make sure that I am clear on that.

MR. GILBERT: Your Honor, may I respond?

THE COURT: Yes. Maybe if you could clarify for me

who has noticed this deposition in the Illinois case, and are there specific topics that Plaintiffs' lead counsel would expect that they would need to cover that won't be covered by whomever has noticed the deposition for three hours in the Illinois case.

MR. GILBERT: Robert Gilbert on behalf of the Plaintiffs.

2.0

2.3

I cannot tell you who noticed the deposition in the Culverson case in Illinois State Court because I have not seen the notice. It is my expectation that Plaintiffs' counsel noticed it, and sent the notice to Sanofi's counsel, although, frankly, I have not seen the notice.

To respond to what Ms. Sharpe said, we are truly splitting hairs here on something that is so clear. We are not — first of all, the deposition in the Culverson case is a deposition, whether formally noticed or noticed by letter agreement or email agreement or otherwise, is going to take place tomorrow, as I understand it, somewhere in New Jersey. That is what I understand.

I believe — and this was not part of my motion, I am not here to argue something for the first time. I believe that depositions are generally open to the public unless there is other considerations made, and when I asked to participate in the deposition taking place tomorrow in New Jersey, it wasn't about sitting there and listening to testimony. I frankly

think, absent agreement by the parties in that case to not allow somebody, or a court order prohibiting it, I would be allowed to sit in and listen.

2.0

2.3

What I am asking for is the opportunity, as you articulated earlier, to take one hour of testimony after Culverson's counsel has finished that relate to topics in the MDL regarding the email spoliation issue where this witness, who is a Sanofi employee, does not need to be produced more than once, where I would be able to listen to the testimony that is taken beforehand and articulate it and ask essentially non-duplicative questions that I believe are critical to our pursuing the spoliation issues in the MDL.

On that point, whether it is part of the Culverson deposition or it is technically noticed separately in the MDL, that is a matter of sending out a notice. I would not have, without the approval of Sanofi's counsel or this Court's approval, unilaterally sent out a notice. So, Ms. Sharpe's point about not having sent out a notice is really much ado about nothing.

What we are really here to talk about is whether, over Sanofi's objection, the Court will grant us one hour to ask questions of this witness so we don't have to have him come back a second time sometime in the future since he is already appearing tomorrow in the Culverson case.

THE COURT: As I understand it, this witness -- I am

not going to use specific names, but this witness is the supervisor of the other individual who has already been deposed. Am I correct about that, Mr. Gilbert?

2.0

2.3

MR. GILBERT: That is correct, he is the supervisor of that individual. There was another person who was another member of this department who was the immediate supervisor of the individual alleged to have been the sole cause of this problem, but the testimony that we have cited, and there is no dispute on this particular point, the testimony that has been adduced thus far shows that the gentleman who is being deposed tomorrow was the head of the section and the direct supervisor of this person on related issues.

THE COURT: By this person, you mean the other employee who has already been deposed?

MR. GILBERT: Correct.

THE COURT: All right. I understand. I will turn back to Ms. Sharpe in a second.

There are a couple of issues I want to explore. First of all, Sanofi hasn't objected, or maybe it has been overruled — the deposition is going to go forward tomorrow and somebody aligned with the Plaintiff is going to ask these questions. Is Sanofi objecting, then, to that testimony later being used if Mr. Gilbert wants to make a motion in the MDL for some remedy, or is it just a question of you don't think that they should get more than three hours, or even if I limit them

to three hours, that Mr. Gilbert should get to ask any questions?

2.0

2.3

Ms. Sharpe, could you just clarify for me your position on those things?

MS. SHARPE: Yes, your Honor, I'd be happy to. I apologize, I got briefly disconnected at the very end of Mr. Gilbert's comments. I hope I didn't miss anything critical.

To answer your question, your Honor, number one, we reached an agreement in the MDL to put up a primary fact witness on this issue and we agreed to put up a 30(b)(6) witness to testify soup to nuts about every aspect of the email preservation issue. We prepped that witness and she testified for two full days on these issues. She spent 250 to 275 hours preparing for that deposition, and our position is, she covered everything completely.

We have an agreement in the MDL that we would put up those two witnesses and we separately reached an agreement in the Culverson case and, you know, despite what Mr. Gilbert is now saying, he expressly represented to us — because of our concerns about trying to undo the MDL agreement through this additional deposition in Culverson, he expressly represented they would not sit in and they would not seek to participate, and they would not use the deposition transcript in the MDL.

Our position is they should be held to both agreements. We entered those agreements in reliance on those

representations, and we have held up our end of the bargain, and they should be held to those agreements equally because otherwise it is prejudice to Sanofi.

2.0

2.3

THE COURT: Okay. You do agree -- again, I don't have it in front of me, but you don't contest that there is a good cause provision in the agreement. If I find there to be good cause, I could authorize them to either use this deposition in lieu of taking one themselves, or to participate in the deposition.

Do you believe I have that authority or do you not believe I have that authority?

MS. SHARPE: There is certainly a good cause provision in the agreement we entered in the MDL. I think not only have they not met that good cause standard, but there are also these procedural issues they are requesting that are untimely under the fact discovery deadline in the MDL, under the local rule provision that we cited in our brief, as well as the use of the MDL being in contravention of the agreements we have reached.

THE COURT: Okay. I understand.

Let me go back to Mr. Gilbert.

Mr. Gilbert, from what I know about this witness, I am hard pressed to believe that there are three hours worth of questions to ask this person, so why do you need four? Why can't everything be covered with this person in three hours, assuming I let you either participate directly or use whatever

colleagues in Illinois -- who is taking the deposition? Who is the Plaintiffs' lawyer that is taking the deposition?

2.0

2.3

MR. GILBERT: I believe that the Plaintiffs' lawyer that is taking the deposition is Mr. Snidow, S-N-I-D-O-W, but I can't say that with certainty because I was unable to reach him earlier this morning to confirm that.

about the scope of the deposition? Why do you think it needs to be more than three hours long? As I understand it from Sanofi's briefing what this person is likely going to say is, I didn't really have a whole lot to do with it, and you may want to confront that person with some other materials. Why is it going to take more than three hours to do what needs to be done here?

MR. GILBERT: Judge, respectfully, I don't know what Mr. -- assuming Mr. Snidow is the deposition examiner, I don't know what Mr. Snidow's deposition outline looks like. I don't know what the Illinois standard for spoliation is, which I understand is a different standard than we are dealing with here in Federal Court.

I am not here to take away time from Mr. Snidow's properly agreed upon deposition, which I believe Sanofi has told the Court and me is limited to the three hours under Illinois State practice or State rules.

I am here asking the Court to give me in the MDL up to

one hour to ask non-duplicative questions on issues that relate to the matters that we need to address here in this MDL under the Federal rules, under the Federal standards, related to Sanofi's email spoliation.

2.0

So, respectfully, I can't sit here and tell you why
Mr. Snidow needs three hours because, frankly, I think he might
tell you if he were under the gun here he wanted more than
three hours, but they agreed to do it under the Illinois rules.
I am asking you for 60 minutes of our own time to examine this
witness and no more.

THE COURT: Okay. Ms. Sharpe, let me give you the last word.

MS. SHARPE: Your Honor, again, we entered these agreements to avoid the death by a thousand paper cuts approach to discovery. That is why we put up the 30(b)(6) witness to testify on all these issues. She spoke at length with the individual who is being deposed tomorrow, she interviewed him to prepare for her deposition, and she testified as to what he knew about this issue, which was nothing.

So they have that testimony, and despite Mr. Gilbert's, you know, conclusory statement that they might need this testimony to make out a spoliation claim, I am hard pressed to think of what they could possibly ask this individual that would go to the elements of their claim.

They say they need to know if he had a particular

meeting on a particular date with the individual at issue. I don't understand what that has to do with them making out a claim.

So we feel like we have, again, fully complied with what we agreed to do in terms of putting up a witness on these issues, and we think that they have not shown good cause, you know, to do this whatsoever.

THE COURT: Thank you very much.

MR. GILBERT: Judge --

2.0

2.3

MS. SHARPE: And it is untimely.

THE COURT: Thank you, Ms. Sharpe. Mr. Gilbert.

MR. GILBERT: Judge, I don't want to go into great detail about the papers, but since we filed our reply last evening -- and I don't know whether the Court had an opportunity to review that, it was filed under seal.

I just want to the briefly say the following: Number one, there is absolutely no question that the request is timely, we addressed that in the reply. Number two -- in my supporting declaration.

Number two is, we came before your Honor in advance of the 30(b)(6) deposition, we told the Court that we thought the Court should compel Sanofi to produce emails for four or five additional custodians beyond the one gentlemen whose emails they produced. Based on the objections that Sanofi proffered to the Court, raised with the Court, the Court sustained their

objection and found that producing those emails was not proportional.

2.0

We took the deposition testimony of the then former employee, since rehired, we took the deposition of the Rule 30(b)(6), an outside expert who was hired. We got as much as we possibly could from both of those, and it is clear, based on the emails that we saw, based on the emails that were marked as exhibits during some of those depositions, that there were communications between the gentleman who was deposed in December, the former IT employee, and this person who is being deposed tomorrow on issues pertaining to legal holds, on issues pertaining to the former IT person doing his job, keeping up the legal holds, and what we are asking for, in a story that is our burden to carry here, is the opportunity for 60 minutes to take this testimony.

It is clearly proportional. There is no imposition here, the gentlemen is being produced tomorrow for deposition in another case. We are trying as best we can as advocates here to pursue this story to get to the truth.

I just am, frankly, flabbergasted that we are having to argue this motion. What we are asking for is not a seven hour deposition of this gentleman, but 60 minutes to nail down open issues, and we would respectfully ask the Court exercise its discretion to allow us 60 minutes to ask these questions tomorrow so that this gentleman doesn't have to be produced at

a later date.

2.0

2.3

THE COURT: Thank you very much.

MS. SHARPE: Your Honor, if I may. Thank you.

You know, we disclosed this issue to Plaintiffs a year and a half ago. We have been in discovery with them, you know, since that time. Ms. Brown, the 30(b)(6) witness, was deposed at the end of January, January 31st and February 1st, and we did not hear a word from Plaintiffs with any complaints about that deposition for months.

The time for them to ask for this deposition was then, and the remedy that they should have sought would be to reopen that deposition if they thought her testimony was deficient. They haven't done that. This is a fishing expedition at this point. Your Honor, I think, recognized months ago that at some point Sanofi would say enough is enough with respect to discovery into the spoliation issue.

Your Honor, from our perspective, we are past that point, enough is enough.

THE COURT: All right. Thank you.

All right. Let me start with this. I take some of the blame because, for better or for worse, I never set any sort of parameters or deadlines for discovery and pleadings relating to this non-preservation issue. That is on me, I should have done that. I will do it today. I should have done it before, but I didn't.

So, looking to tomorrow, we have come this far, I don't believe it is any prejudice to Sanofi, you are already going to be there, the witness is already going to be there. I am going to limit Mr. Gilbert to no duplicative questions. If Sanofi believes a question that Mr. Gilbert asks is duplicative of something that was previously asked, by the usual rule, you can instruct the witness not to answer and I will rule on it, and if the witness should have answered it, then we will have to get back together again. I will give you that power if you want to use that.

I am hard pressed to believe it will take four hours to take the deposition, but I will give Mr. Gilbert one hour to ask non-duplicative questions. I do find it is proportional to the needs of the case and that there is good cause to allow them to tie up whatever loose ends they think they need to tie up.

So I will grant the motion for one hour of deposition time to be used by Mr. Gilbert. If the other guy stops after two hours, Mr. Gilbert doesn't get two extra hours. He gets one hour total for his questioning and it cannot be duplicative questioning.

With that, let's set two deadlines here.

Mr. Gilbert, if you are going to file a motion and seek a remedy, it is time. How much time do you need after tomorrow to file an affirmative request for a remedy that you

would like?

2.0

MR. GILBERT: Given the current deadlines that are in place with the Court, I would say -- on the Daubert related issue, I would say September 1st.

THE COURT: Okay. Ms. Sharpe, what is your feeling?

MS. SHARPE: My feeling is that that is way too long.

You know, our feeling is this has been hanging over our heads
for a year and a half, we need to put this to bed. If they
have a motion to file, they need to get it on file. They
should file it within the next couple weeks.

THE COURT: I agree, Mr. Gilbert, especially if you are seeking non-monetary remedies here, potentially that could affect the Daubert motions and Judge Rosenberg needs to know if I am going to impose by order some sort of a non-monetary remedy, give you an adverse instruction or presumption, or something else.

I think 90 days is too long. I will give the Plaintiffs until July 15th to file any motion seeking relief to the non-preservation.

Ms. Sharpe, how much time would you like to respond?

Usually I give you two weeks, but I am willing to give --

MS. SHARPE: I would say 30 days, your Honor.

THE COURT: Okay. You will file your response by August 15th. Mr. Gilbert, you file the reply by September 1st, and we will be fully briefed by September 1st and I can set it

down for whatever further proceedings I need to do at that point.

2.0

2.3

That is what we will do, and as far as I am concerned, after tomorrow discovery in this matter is closed.

MR. GILBERT: Your Honor, first of all, thank you for your ruling. I want to make sure that the Court is aware of something that may have been missed in looking at both sides' submissions, and I am flagging it for your Honor based on the comment you just made about discovery being closed.

Sanofi's counsel and counsel in the Culverson case included as part of their agreement, which is attached as Exhibit B to our motion, a provision. It says, and I am not quoting it here, but your Honor can read it clearly, that after tomorrow's deposition, if they believe that they still need to take the deposition of the legal department employee, his name is disclosed in that agreement, one of the lawyers of Sanofi's in-house legal department related to these issues, and if they are unable to reach agreement on that issue among them that they will come to this Court, to your Honor, and ask your Honor to make a decision on that issue.

And if the Court allows them to take that deposition, that the deposition will be noticed in the MDL. That is what their agreement with Culverson's counsel states.

I wanted to flag for the record and for the Court that if that request is made of the Court in the Culverson case, and

if the deposition is noticed because the Court allows it in this MDL, I am advising the Court that it would clearly at that point be our right to participate and ask questions in that deposition as well.

THE COURT: It would be your position that it is your right, I understand. Obviously, if any sort of motion to that effect comes before me, that I authorize additional discovery, I will consider it with an open mind.

My point in saying discovery is closed as far as I am concerned, at least as far as the MDL currently matter pending, no more depositions, no more interrogatories, no more requests for production. If there are pending discovery requests that are open, obviously those can be brought to their conclusion. I don't want any new discovery propounded without prior leave of Court.

MR. GILBERT: There hasn't been, your Honor, and there
won't be.

THE COURT: All right. Mr. Gilbert, either by mutual agreement in the Culverson case or any other matter, if a party comes before me and seeks leave to take additional discovery, I will hear that party with an open mind. Okay.

Not waiving any objections either party may have to the rulings that have been made today -- first of all, Mr. Gilbert, do you need any clarifications of my rulings or are there any other topics you thought we should address while we

are here?

2.0

2.3

MR. GILBERT: No, your Honor. I believe I understood your rulings clearly, and whether counsel for Culverson goes two minutes or two hours, I understand that I have one hour only of non-duplicative questions after Culverson's counsel is done.

THE COURT: That is correct, you understood my ruling.

Ms. Sharpe, same question to you, without waiving any
objections to the rulings I have made, are there any
clarifications or any issues you wanted to raise today?

MS. SHARPE: Your Honor, for the record, I do want to make clear that I disagree with Mr. Gilbert's characterization of the agreement that we reached in the Culverson case. It is a completely different matter. We would object — if it comes to it, to, you know, the taking of additional depositions, we are going to object, and with Culverson, we certainly object to the MDL Plaintiffs' participation.

I just for the sake of the record wanted to make that clear, but otherwise we understand your rulings, and thank you for your time.

THE COURT: Thank you all very much. I appreciate the briefing, it was very helpful for me understanding the issues and the background. We will get out a written order memorializing my rulings.

I will excuse the parties with the Court's thanks.

1	Have a good day, everybody.
2	MS. SHARPE: Thank you, your Honor.
3	MR. GILBERT: Thank you, your Honor, have a good day.
4	(Thereupon, the hearing was concluded.)
5	* * *
6	I certify that the foregoing is a correct transcript
7	from the record of proceedings in the above matter.
